D.O. No. 30/2/2012-GW (Pt.II)

Dear

Since some parts of India is becoming water stressed, it is imperative to generate awareness towards water conservation and preservation amongst citizens of the country. Water conservation is a habit which needs to be developed by the citizens of the nation. This Ministry is incessantly trying to sensitize the public on the issues of water conservation and management through various modes and mediums like print media, electronic media and social media.

In an attempt to provide an impetus to Ministry's efforts of water conservation, it has now been decided to institute **National Water Awards** for various categories including **Best State, Best District, Best Village Panchayat, Best Municipal Corporation/other Municipal bodies, Best Schools, Best TV Show, Best Newspaper**, etc. These Awards will recognise the efforts of the participants in the field of water conservation and management. The recognition will not only motivate the participants to continue their work but also induce others to vigorously attempt/replicate the practices of water conservation and management. **The last date of submitting entries has now been extended upto 31<sup>st</sup> December, 2018.**

You are requested to take personal interest in publicizing these Awards so that no effort in the field of water conservation and management is left unrecognised. You are also requested to publicize this Award through your Ministry/Departments/attached subordinate offices and give wider publicity to these Awards so that a large number of entries are received in various categories. Central Ground Water Board (CGWB) has been made nodal agency for submission of application forms etc. for Awards. A detailed guideline including application form has been enclosed for reference. General public may be asked to refer to websites ([www.mowr.gov.in](http://www.mowr.gov.in)) or ([www.cgwb.gov.in](http://www.cgwb.gov.in)) for further information.

With

Yours sincerely,

(U.P. Singh)
