To

All P&K Fertilizer Companies,

Sub: Timeline for submission of Non-DBT claims in r/o P&K Fertilizers (Indigenous and Imported) – reg.

Sir,

As you are aware, after the implementation of DBT, fertilizer companies are submitting Non-DBT claims (Balance/ Freight/Differential Freight/ Supplementary etc) in physical form in r/o P&K Fertilizers (Indigenous and Imported). In the last financial year 2021-22, this office has received Non-DBT bills even for the year 2008-09 (differential freight claims). The competent authority has taken it very seriously.

Therefore, all fertilizer companies are hereby directed to submit all pending Non-DBT claims (Balance/ Freight/ Differential Freight/ Supplementary etc) complete in all respect by **15th July-2022**. In case, the pending bills are not received by due date, the same will not be considered for payment. Further, companies are also directed to report the claims which are pending because of non-resolution of issues for any reason, at any level, **by the end of June-2022**.

This issues with the approval of competent authority.
